

*ISDI – ISME wanted to create an infrastructure which will enable for e – Learning , facilitate with Overseas Professors & Students two way communication and also match the reputation of an entrepreneurship school*

## ***The Challenge***

*Indian School for Design & Innovation ( ISDI ) & Indian School for Management & Entrepreneurship( ISME ) wanted to have an Audio Visual Solution for E – Learning , facilitate with Overseas Professors & Students two way communication , Streaming to all their classrooms , Best System for 260 Pax Theatre , State of the Art System for Collab Room , Boardroom etc for their high profile presentations , meetings & video conferencing .*

## ***The Solution***

***The infocomm certified Design Team at Cosmos carefully evaluated the ISDI - ISME requirements and build up a solution that could meet and satisfy the client wish list .***

*The Key Solution we delivered was 7.2 Channel Audio System for 260 Pax Plenary Theatre using JBL Two Way Full Range Loudspeakers AM7212 ( for LCR ) , Dual Subwoofers , Cinema Surround Speakers JBL 9300 , Surround Sound Processor Emotiva XMC-1, UHF Microphones AKG SR Series , Mixing Console Soundkraft EFX12 , Digital Signal Processor BSS Blu100 , Panasonic 5000 Ansi Lumens HD Projectors , HDMI Switcher , Crestron Processor and Apple Touch Panel . This theatre showcase ISME's Entrepreneurship Work , Technical Films , Animation clips etc .*

*Other facilities created includes a hi-tech Collaboration Room ISME Ace using Indoor LED Video Wall using 3 mm Pixel Pitch of size 5.67 feet x 10 feet . JBL CBT 70 Column Array Speakers system has been deployed to maintain the same DB Level & deliver unilateral audio throughout the room .*

### ***The Result***

***ISDI – ISME wanted to create an infrastructure which will enable for e – Learning , facilitate with Overseas Professors & Students two way communication and also match the reputation of an entrepreneurship school***

***Our Certified engineers have designed the system which facilitates the complete needs of an end user . System is currently live and its the most prominent showcase for ISME – ISDI high profile meetings , presentations , E-Learning and many more .....***
