IP Surveillance Solution for RELIANCE GAS TRANS INFRASTRUCTURE LTD.

The Challenge

✚ **RIL a renowned Corporate company** wanted IP surveillance network for gasTrans Division factory spread out at Outskirts of Kalyan

In continuation they were looking for 24*7 Monitoring of their Plants Operation, Monitoring of the Offices within the factory premises, perimeter & Gate, Timekeeping & Tracking of skilled manpower ,Identification & detection of manpower, Printing shop floor management, Disaster management, Threat Management, Inventory Security, and wanted **Cosmos Group to provide a full proof security solution to safeguard their factory**

In addition they also wanted their plant in charge, security head and the HR to have customized view of their department.

The Solution

The Professional Services Group at Cosmos carefully evaluated the RIL team's requirements and recommended a solution that could meet their needs.

The Solution we designed for surveillance was for around 50 **Panasonic** high end Cameras, The cameras used were PTZ cameras with IP66 Rated Housing and water resistant coated glass with 30 X zooming capacity which was specifically used to cover their entire factory plant.

They also used BOX cameras with 50 M range lens which can cover long distance along with IR housing, these cameras was specifically used in long roads/ Gates.

- forklift operators
- leave uploading in HRIS
- Melting opel.

12/4/14

The Result

The seamless Surveillance solution created for RIL provides high level security at a location which is in outskirts of Kalyan with challenging weather and site conditions

“ We switched over to Panasonic CCTV 2 years ago and We want to let you know that we are very happy with the quality of the products and services provided by Cosmos. Your engineers are extremely professional and work very efficiently around our staffs”
